

## **Summary of Financial Results For the year ending June 30, 2022**

### **Overview of FY22**

Auxiliary revenues increased as the Williams Inn and the Childcare Center reestablished operations.

Operating expenses increased by \$13M from FY 2021 and were spread across all functional expense categories. Operating expenses included \$2.6M of COVID-related costs.

The combined impact was a 19% increase in operating revenue offset by a 5% increase in operating expense.
